Pati, Jawa Tengah

I'm a fresh graduate of Dian Nuswantoro University, Semarang, with a degree in Informatics Engineering. Throughout my studies, I've honed my skills in website development, specializing in UI/UX design and front-end development. Proficient in JavaScript programming language, i'm passionate about exploring new technologies and frameworks to create impactful solutions. With hands-on experience in web application development and problem-solving using algorithms, I'm dedicated to crafting clean, maintainable code that drives innovation.
